## Junior Day - 3rd October

Following a very successful Junior Day held at Colwick in June, we are to run another day next month on the 3rd October.

In association with the Nottingham Trout and Salmon Association, well known game angler and National Instructor, Mick Huffer will be there to give guidance.

Why not come along to help out and if you know of any juniors who would like to attend this event, please urge them to come along.

## Dates for your diary

### Remaining Fishing Days:-

Sun 20th Sept - Draycote  
Sun 4th Oct - Thornton  
Sun 18th Oct – Colwick

Sat 3rd October – Junior Day  
(See reverse for more details.)

## Fishing for England

In June, Rosemary Gunn travelled with the England Ladies Fly Fishing Team to Ireland. You can see her report of her experience on the website or at the next Club Night.

## Photographs and Stories

If you have any photographs or interesting stories about club members, events or places we fish that you wouldn't mind sharing with others, please let me know. I am always on the lookout for items to use for either the Website or the Newsletter. So, if you have an interesting tale to tell, big fish, record fish, strange catch etc, why not share it with the rest of the membership.

## What do you want for/from the Club?

Please come to the Club nights and have your say about what we can do together as a club. Earlier this year we tried to put on a BBQ in July but it had to be cancelled through lack of interest. Other events on Club nights have not gone ahead because of poor support. Do you want a Christmas Meal this year?

Please come to the Club Nights to have your say.

## AGM to be held on the 13th January 2010.

It is getting towards that time of the year when our thoughts turn to the AGM and what the membership can do for the club.

It cannot be expected that the same people do the work year in year out.

Any club is reliant on it's committee but the committee is also reliant on the membership. It is always healthy for any club committee to have a turnover bringing in fresh ideas etc, It is also good to have a selection of members wanting to work for the good of the club meaning a vote can be taken, rather than committee members having to stay on the committee because no one else will do the jobs.

**Please start thinking about ways in which you can help out for next year.**
